About Me

I am a creative, self-motivated, and responsible undergraduate seeking an internship opportunity to enhance my skills and gain valuable experience for my future career. As a Software Engineering undergraduate, I possess strong problem-solving abilities and critical thinking skills. I am particularly passionate about app development, with a keen interest in using Java and Flutter to build innovative mobile applications.

TECHNICAL SKILLS

- java
- Dart
- SQL
- PHP
- Flutter
- Python
- Github, Git

Education

B.sc (Hons) in Computer Science and Engineering
Independent University , Bangladesh
2022 – present
Current GPA - 3.60

Govt. Shaheed Bulbul College, Pabna
Higher Secondary Certificate
2021
GPA - 5.00

Ataikula Saradangi Alim Madrasah, Pabna
secondary level education certificate
2017
GPA - 5.00

Projects

Campus-Aid

2025 March – onGoing

- A web-based CGPA calculator designed to help students calculate their cumulative grade point average. The platform allows users to input university details, CGPA, completed credits, and courses. It provides an efficient and user-friendly tool for academic performance tracking.
- Tech stack: JavaScript, HTML, CSS
- Project link - https://github.com/AbuZafor99/CGPA-Calculator

ForecastPro

2025 February – onGoing

- This Weather App offers real-time updates on temperature, humidity, wind speed, and rain percentage. Users can search cities for detailed weather conditions, including an icon, with data fetched from the OpenWeatherMap API.
- Tech stack: Java
- Project link: https://github.com/AbuZafor99/ForecastPro

Todo-App

2025 March

- A simple To-Do List app for Android using Java and SQLite, allowing users to create, edit, delete, and mark tasks as done. It includes features like priority setting, notes, and task categorization for better organization.
- Tech stack: Java,SQLite
- Project link: https://github.com/AbuZafor99/Todo-App

EXTRA CURRICULAR

Volunteering

I have volunteered for IUB ACM Club as well as the Bangladesh Physics Olympiad and Astronomy and Astrophysics Olympiad.

SoD- Student On Duty

I have been working as a Student On Duty (SOD) since June 2023, where I assist students in the lab with problem-solving, provide support to teachers during exam invigilation, and help with various other tasks to ensure smooth lab operations.

SOFT SKILLS

- Leadership skills
- Time management
- Problem solving
- Analytical thinking
- Communication skills
- Collaborative team work
- Emapthy

ACHIEVEMENTS

Algorithmic Project Showcase

second runner-up

Our team, Systext Sorcerus, secured 2nd Runner-Up in the Algorithmic Project Showcase at TechFest 2023, IUB.

Academic Awards

I have received the Dean's List award twice and the Dean's Merit List award three times from Independent University, Bangladesh, based on my academic performance.
